

## Personalization Empowers Providers: View a PEP session video here!

### 1:1 Support with PEP Sessions

We recognize that some workflows in PennChart take too many clicks. Penn Medicine's goal is to help you remove unnecessary steps and improve the EHR experience for you. PEP Sessions will give you personalized 1:1 support with a PennChart expert to help you maximize your time and efficiency.

Improving the EHR  
for You and Your Patients

PennChart

PEP Sessions are open to any Penn Medicine provider who wants to sign-up, including those based in the hospital or in an ambulatory setting. Sessions, which generally take about one hour outside of your patient care time, will be held on-site across the entities at convenient times for you.

To see a PEP Session in action, view this brief video entitled “*PEP Sessions, What to Expect*”, click on the link to the Penn Medicine Intranet site, and scroll down:

<http://uphsxnet.uphs.upenn.edu/is/pennchart/pep.html>

Sign-up for a PEP Session by contacting the EHR Transformation PACE Team at [PACE@penmedicine.upenn.edu](mailto:PACE@penmedicine.upenn.edu). For any questions, please contact [Debra Laumer](#) or [Bridget St. John](#).
