### UPDATE: Agenda and Registration for: Workshop on Genomic and Electronic Health Record Data

The Perelman School of Medicine (PSOM) I/T Council, the Institute for Bioinformatics, Penn Genetics, the Penn Center for Precision Medicine, and the Abramson Cancer Center are hosting a Workshop on Genomic and Electronic Health Record Data for PSOM faculty on Wednesday January 9<sup>th</sup>.

The full agenda is now available and at <https://www.med.upenn.edu/genomicsretreat/>

Registration for the event is OPEN - click the "REGISTER HERE" button.

PLEASE REGISTER as soon as possible if you plan on attending so that we can get an accurate headcount for food and beverages.

The event will take place in the Gaulton Auditorium in the Biomedical Research Building (BRB) at 421 Curie Boulevard from 8:00AM to 4:00PM. The retreat is a terrific opportunity for the faculty to join interactive sessions discussing Genomics Data covering strategy, current and future uses, needs, connections with the EMR, and other related topics. It will be a great way to hear what's going on at Penn around genomics as well as a chance to network and offer up your own thoughts and ideas on where we should be headed in this exciting and ever changing space.
