

# How To Help Older Adults Live at Home as They Age

June 11 | 5:00pm - 6:00pm EST | On-Site Seminar

LOCATION: 124 - 11th Floor, South Tower Perelman Center

## ABOUT THIS EVENT

Ninety percent of seniors want to remain in their homes as they age, but supports may be needed to make this possible. Successful aging requires knowing what resources, tools and technology are available to help keep a loved one safely in their home.

This seminar will address:

- Where to start if a loved one wants to remain at home as they age
- Promoting healthy aging
- Resources available to keep older adults safe at home

## ABOUT THE SPEAKER

Chandi Deitmer  
LICSW

Chandi is a Senior Care Advisor at Care.com, where she offers guidance to families in planning care for their elderly loved ones. Prior to Care.com, Chandi worked in various facets of hospital inpatient settings, offering support to families throughout patients' hospitalizations and facilitating patient transitions back into the community. Chandi has a particular passion for mental health and believes in access to mental health screening and care for individuals of all ages. Chandi is a Licensed Independent Clinical Social Worker and earned her Masters in Social Work from Simmons College School of Social Work.
