

Certificate and Master in Healthcare Quality & Safety

The Perelman School of Medicine is pleased to announce a Certificate and Master's Degree in Healthcare Quality & Safety!

Open to physicians, nurses, advanced practice providers, and other healthcare professionals and administrators within Penn Medicine, CHOP, or the University of Pennsylvania that seek formal knowledge and skills in quality improvement and patient safety.

Program Features:

- Flexible timeline
- Courses taught by expert faculty
- Classroom and workplace-based learning
- Interprofessional learning environment
- Courses from the Certificate may be applied towards the Master's Degree
