

\$2,000 to turn your idea into a company!

Do you have an idea for a startup in stem?
It's time to test it with potential customers!

Apply now to join the **Fall I-Corps** program and you'll learn how to test and validate startup ideas.

Plus, accepted teams receive grants up to **\$2,000** for participating!

Fall 2021 Schedule

Teams Announced: Early Oct
Required Workshops:

- 10/15, 10/22, 10/29 & 11/19 from 9am-12:30pm
- 11/5 from 1-2pm

Open to Penn faculty, students, post-docs, and staff.
The course takes place over 4 weeks with ~8hrs of customer discovery per team.

Benefits include:

- \$2000 in grants (\$499 can be used for lab-personnel stipends)
- Qualifies you for participation in National NSF I-Corps (\$50k), which in turn qualifies you to apply for an NSF PFI-TT grant (\$250k) and correlates with high SBIR grant (~\$1M) award ratios
- Improves chances for selection to Penn Health-Tech Medical Devices and Health Technology Development programs
