

One Health@Penn Research Community Work in Progress Series, 2023 – 2024

Join us for monthly talks and discussions with faculty across Penn's 12 Schools who will present their work in progress on the theme of Climate and One Health – every second Wednesday.

This month, November 8th, we welcome

Shu Yang

Joseph Bordogna Professor of
Engineering and Applied Science

*“Design of geometric materials for a
better world”*

David Gouverneur

Associate Professor of Practice

author of
*Planning and Design of Future
Informal Settlements*

Wednesday November 8th, 2023 12-1pm on Zoom

(<https://upenn.zoom.us/j/99678602518?pwd=VHJDSXA4ZTdQZ25IRFVIVUs4cGRrUT09>)

This WiP is led by the One Health in Action faculty advisory group as a forum for Penn scholars from diverse fields to share their work in a space that promotes interdisciplinary problem solving at the intersection of human, animal, and environmental health. ***Faculty will each speak for 15', followed by a Q and A.***

Everyone is welcome to attend!
