Director, Centre for Public Health and Zoonoses

Ontario Veterinary College

Department of Pathobiology

**December 5, 2023**

**12-1 pm US Eastern Time**

**Hill 130**

Also, online via Zoom: <https://upenn.zoom.us/j/5804455130>

Dr. Weese is a veterinary internal medicine specialist and the Chief of Infection Control at the University of Guelph’s Ontario Veterinary College. He is an expert in infectious and parasitic animal disease, including rabies, tick-borne diseases, antimicrobial resistance and emerging diseases. The former Canada Research Chair in Zoonotic Diseases, Dr. Weese focuses on a range of infectious disease issues that impact animals and humans, including antimicrobial resistance, antimicrobial stewardship, emerging infectious diseases and infection control. He also writes and speaks extensively and shares his work with the public on his [Worms&Germs Blog](#).
