

ITMAT EDUCATION PROGRAMS
REQUEST FOR APPLICATIONS

DUE: FRIDAY, OCTOBER 22, 2021

The annual request for applications for our education programs in clinical, translational, entrepreneurial, and regulatory science has opened.

Applications are due October 22, 2021.

ITMAT Education offers [funded educational programs](#) for:

- Predoctoral Students
- Postdoctoral Trainees (GME Trainees and Postdoctoral PhDs)
- Junior Faculty (Instructors, Research Associates, Assistant Professors)

ITMAT Education Programs include:

- [Certificate Program in Regulatory, Translational, or Entrepreneurial Science](#)
- [Clinical Trials Fellowship](#)
- [Master of Science in Regulatory Science \(MSRS\)](#)
- [Master of Science in Translational Research \(MSTR\)](#)

We encourage the submission of applications where the research question is oriented through a health equity lens and seek to attract an inclusive and diverse student body.

Join us for a virtual information session on September 17th at 12 pm.

Register in advance [here](#).

Prospective applicants can also schedule a one-on-one to discuss program options, funding eligibility, as well as to obtain feedback on your application. Contact Megan Maxwell, MSW mmaxwell@upenn.edu to schedule.
